Arrands and gajja wholesale depot licenses will be issued for all districts. Particulars regarding them will be found in clause XIV below. A separate collection will be issued regarding both the Foreign liquor licenses.

III. A deposit must be made by each bidder previous to bidding and will be received by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any independent shop or any large number of shops. This will be returned to him in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the Districts, the officer negotiating the sale may, where he finds it necessary, require a deposit of Rs. 10 any from bidders for several shops. In the South Canara District, the selling officer may at their discretion reduce the deposit to Rs. 2 for shops where average monthly retail sales are under Rs. 5.

IV. The shops will be put up to auction in the order in which they are decided, unless the selling officer sees reason to change that order. Upon payment will be fixed at the discretion of the Collector. The precise price placed by Government on the shops will not be published, but the average of the previous five years' rentals will be notified by the Collector, whenever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, in his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the provisions of a license or of a contract under the Opium Act as to render him inadmissible to be a holder of a license or on the ground that he is indebted or he has entered into any arrangement to the detriment of Government interests or for any other valid reason. He may also refuse any bid which

he may consider to be purely speculative, after receiving his reasons for doing so. Selling officers* will not be allowed to bid for, or to have any direct interest in shops for the sale of tobacco etc.

VII. The shop will be knocked down to the highest bidder, but the sale will be subject to formal ratification of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal acceptance will be tantamount to an acceptance of the bid, unless revised by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any other appointed person.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken at the shop re-auction at his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit of half a month's rent, in addition to the deposit made under clause (II) for each shop under the initial deposit, against an advance two months' rent. Should he fail to do so, the deposit made by him under clause (II) will be forfeited and the shop will be put up again immediately by the selling officer on the above conditions or otherwise disposed of by the Collector and the delinquent will be debarred from bidding again for the same or for any other shop.

X. Persons to whom shops have been knocked down and who have made deposits as provided in clause III and IX shall also deposit with further sums as with the former deposits will make up two months' rent, to be paid within ten days from the date of ratification of the Collector's acceptance of the bid; and shall within necessary delay execute the necessary engagements and take out licences on the conditions hereafter set forth. In the case of the person's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed two months' rental the excess will be refunded unless the purchaser is required to deposit twice that sum under clause XI when.

XI. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit two months' rental in addition to the sum provided in clause X or to get a guarantor or surety to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 26, sub-section 1, Act II of 1909) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the regulations under clause XI or to execute engagements and take out licences as aforesaid, the deposits already made may be forfeited and the shop re-sold under the orders of the District Officer or the Collector or otherwise disposed of by the latter officer.

XIII. Defaults effected under clause XII will be at the risk of the delinquent bidder, who will forfeit all gain, and, in the event of a loss, will be required to make good the difference between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable from the delinquent in the same manner as if it were an amount of that remainder. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government. The delinquent bidder will be similarly liable if the privilege is disposed of otherwise than by resale and such deposit results in loss to Government as compared with original sale.

XIV. The purchaser of the privilege is liable to the penalties provided for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Tabaldar† and the licensee as agreed, it may be related towards the last instalments of the Rata payable by the latter.

SALT, ARKARI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 2, dated 22nd January 1913.

NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENSES.

The following revised notification is issued in supersession of Notification No. 2, dated 6th February 1912, published in the Supplement to the Fort St. George Gazette, Part II, dated 6th February 1912.

In exercise of the power conferred on him under section 4 (g) of the Indian Arkari Act (I of 1905), the Commissioner of Salt, Arkari and Sepoyah Revenue hereby prescribes, under section 24 of the Act, the following rules for regulating the issue of licenses to sell beer for the sale and consumption of potable foreign liquors from and after the 1st April 1913 within the limits of the Madras Presidency:—

1. The term "foreign liquor" in these rules includes all wines, spirits and beer imported into the Presidency by sea or land; plain distilled spirits imported in bottle or cask and in which the duty on spirit of duty has been paid, all spirits manufactured or compounded in the country and made on sugar and sugar to fermentable grain, bran, whey, or rice; (a) spirits made in Malabar from one month solely, called "Malabar arrack") and distilled at the local rate of import duty; and beer brewed in India or beer imported in a condensed form and afterwards converted into potable beer and duly assayed, but excludes denatured spirits and ordinary arrack. In the case of distillate in Chemicals, Druggists and other approved form or process, however, for the sale of pure distilled spirit only, the term "foreign liquor" means pure distilled spirits imported from foreign countries by sea or air and consumed in this country and assessed at the local rate of duty.

Note.—The minimum strength at which imported and locally made foreign spirits are to sell are 15° U.P. for gin and 20° U.P. for all other kinds of spirit entering Indian arrack, except denatured spirits and Malabar, Cacha and Calcutta arrack.

"Malabar" beer is beer brewed in India (a) which contains at least two bushels of malt and two pounds of hops per bushel and in the manufacture of which pottery or oxide ware sugar is employed, (b) which is brewed at a higher original gravity than 1,040° in a standard saccharometer and (c) the maximum price of which at the brewery is Rs. 40-0-0 per bushel including the excise duty of three annas per gallon.

2. Licenses for the sale of foreign liquors shall be of the following descriptions:—

1. *Wholesale license for the sale of foreign liquor not to be used on the premises*—There will be issued on an annual fee of Rs. 100 at the discretion of the Collector. Under these licenses the sale of liquor is quantity free from two hundred gallons or a duty imposed equal to that on two dozen imported pure bottles of each kind at a time is prohibited. The holders of this license will have the privilege of issuing or issuing bottles only samples of liquor in quantities not exceeding one pint.

11-300-4

II. *Hotel licenses for the sale of foreign liquor not to be granted in the premises in any person.*—These will be of two kinds—one for the sale of all kinds of foreign liquor, except "strong" beer and the other for the sale of beer brewed in India.

- (a) *The former will be issued at the discretion of the Board and Collector on payment of an annual fee of Rs. 500 in Madras and in Cochin, Coomass and Wellington, Rs. 100 in towns having a population of 25,000 and over and in Kottakottai, Travancore, Kottayam and Ponnai, and Rs. 50 in the rest of the Presidency.* Under these licenses the sale of liquor in a quantity less than one reported quart and greater than two imperial gallons in one transaction will be prohibited. In Madras the right of selling Colombo, Cochin or Malabar arrack for removal from the premises in bottles in quantities exceeding one reported quart will be restricted to license-holders who have taken out a special license for the purpose which will be issued on payment of an annual fee of Rs. 100, while the ordinary retail liquor-holder will be allowed to sell any kind of foreign liquor except Colombo, Cochin or Malabar arrack and "strong" beer.

- (b) *Retail licenses for the sale of beer brewed in India will be issued to successful bidders for beer shops on payment of an annual fee of Rs. 25.*

III. *Hotel licenses for the supply of refreshments in hotels and boarding-houses.*—These will be of two classes at rates of Rs. 125 or Rs. 75 in Madras, of Rs. 100 or Rs. 50 in the Nilgiris, and of Rs. 50 or Rs. 25 in the rest of the Presidency, as may in each case be determined by the Collector. No liquor may be sold under these licenses otherwise than to residents in hotels and boarding-houses for their own use and that of their guests, or to board visitors requesting liquor with the usual or usual supplies to form.

In Madras a holder of a hotel license desirous of selling up and maintaining in his hotel a "bar" or "bait" bar, or payment of a monthly fee of Rs. 50 for a first-class bar or Rs. 25 for a second-class bar, he granted a separate license to be called a bar license. This will cover the sale of foreign liquor, except Colombo, Cochin or Malabar arrack, under the same conditions and to the same extent as the former license.

In Madras, special bar licenses will also be issued to the proprietors of buffets at the Central and Figure Railway stations and to the South Indian Railways Association on payment of a fee of Rs. 50, Rs. 20 and Rs. 5-6-6 per annum, respectively. This will enable them to sell to all comers.

IV. *Refreshment room licenses will be of two classes—*

- (a) *For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of rail-roads for the supply to the premises of passengers by rail, railways or air-line.*—The annual fee payable for each license will be Rs. 40. Under these licenses liquor may be sold to passengers and persons seated with relatives in the rooms for consumption on the premises in any drink, provided that no more than one reported quart of spirits or two reported quarts of any other kind of liquor sold at the refreshment-room may be sold at one time to any such passenger for removal from the premises.

- (b) *For refreshment-rooms in which the sale of liquor is exclusively combined with the supply of meals or of articles prepared and served in the European manner.*—The annual fee will be Rs. 500 in Madras and Rs. 75 in the rest of the Presidency. It will in all cases be optional with the Collector to withhold licenses of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment-room is permitted in such an extent as to habitually turn the refreshment-room into a bar. Sale of liquor for removal from the premises will not be allowed under these licenses. The persons to be used for the sale of liquor under these licenses must be at least of the monthly taxable value of Rs. 50 in Madras and in Coomass and Coomass Municipalities and of Rs. 25 in the rest of the Presidency.

V. *General license, such as licenses for the sale at refreshment-halls in connection with race meetings and public entertainments.* These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 100 as such occasions for their convenience. No removal of liquor from the premises will be allowed under these licenses.

VI. *Special licenses will also be granted by Collectors in connection with the affairs of the Port, Alkali and Customs Department & the constabulary as such in respect of the sale of liquors of any of the above descriptions on such terms and conditions and for such periods as they may or such occasions determine.*

VII. *Licenses of licensees—General fee, Rs. 2.* The following are important provisions of this license—

- (a) *Liberty to place sample bottles in respect of all consignments, whether made consignment or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.*
- (b) *Authority to sell wines, spirits and beer in less quantities than whole dozens of each description in the case of sales by auction of the property of private parties or estates or of trade consignments which are alleged or otherwise non-removable.*
- (c) *Authority to sell by auction at places other than that specified in the license, viz., at any private residences at which the licensee may hold an auction.*

*Note.—In places where there are no shops, licensed retail licenses for the sale of all kinds of foreign liquor except "strong" beer will be permitted to sell beer brewed in India on English principles only in hotels or in the houses in which it was brewed.

VIII. *Licence for the sale of pure rectified spirits*.—There will be issued to Chemist and Druggist firms and other firms or persons specially approved by Collectors, on payment of an annual fee of Rs. 16. Under those licences the permission of pure rectified spirits in excess of ten imperial gallons (or such larger quantity as the Collector may, in consultation with the officers of the Salt, Akbari and Customs Department, specially authorize) is prohibited. Pure rectified spirits must not be sold under these licences for other than *strictly medicinal, industrial and scientific purposes*, and the maximum limit of sale at one time to the same person is restricted to one imperial quart in the case of sale to a private individual, two imperial quarts in the case of sale to a Chemist, medical practitioner or scientific body and three imperial gallons in any Government, Local Board or Municipal hospital.

IX. *Licence for the sale, as distill or otherwise, of medicinal wines and similar preparations* containing 20 per cent. and upwards but not more than 55 per cent. of pure spirit will be issued by Collectors on payment of an annual fee of Rs. 50.

1. *Licence for the compounding of foreign liquors*.—There will be issued by the Deputy Commissioner of Akbari to distillers on payment of an annual fee of Rs. 500.

2. Any two or more of the above kinds of licences may be granted to the same person for the sale of liquor in the same premises.

3. No premises shall be used for the sale of liquor unless and until approved by the Collector.

4. All licences issued by Collectors under these rules will be subject to appeal to the Board of Revenue, whose decision will be final.

5. All licences (other than occasional and special licences) will have effect for the official year, i.e., from the 1st April in each year until the 31st March of the following year.

6. The fixed fees amounting to Rs. 40 in licences other than special and occasional licences will be payable in two instalments, one half being payable when the licence is issued and the other half at the beginning of the second half-year, viz., 1st October.

7. For the convenience of the trade, Collectors will, as far as possible, receive and dispose of applications for licences under these IV (2) to have effect during the following official year before the fixed sales for that year. Licences for the sale of liquor in confined refreshment-rooms should be very specially given.

8. All further information may be obtained and licences may be procured at a charge of two annas each at the office of Collectors.

9. The Board of Revenue or the department of Separate Revenue will issue such subsidiary instructions as may be necessary to the carrying out of these rules.

Board of Revenue (Separate Revenue),

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The station of the Barometer is twenty-two feet above the level of the sea, and the recorder at the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 0.12 inches, the average due for the month being 0.67 inch.

Table 1

Weather summary.—The following is a summary, in the usual form, of the meteorological conditions at Madras during 1912:—

Pressure.—Pressure was above normal in January, April, May, October and December and below normal in the remaining months. The greatest excess was 0.061 inch in April and the greatest defect 0.031 inch in August. The highest pressure recorded was 30.156 inches in January 19 and the lowest 29.922 inches on July 28.

Temperature.—The mean temperature of air was above normal in all months except in January and December. The high-tide temperature recorded was 111.4° F on May 10 and the lowest 80.5° F on January 6. The highest temperature in the sea was 140° F. on September 15 and the lowest in gram was 54.9° F on January 19.

Humidity.—Humidity was above normal a/m at throughout the year.

Wind.—The wind direction was normal in April, July and December. It was more southerly than usual in February, June and September, more northerly in October and more easterly in November. The wind velocity was generally below normal in all the months except March. In July the mean daily velocity was 45 miles below average. There is no doubt, however, that a change in exposure accounts in part for the low velocities relative to the average.

Cloud.—The percentage of cloud was normal in March, above normal in July and August and below normal in the remaining months.

Sunshine.—The percentage of bright sunshine was above normal in March, April, June, September and December and below normal in the other months.

Rainfall.—The month was above the average in January, August and November, normal in October and below normal during the other months; the greatest excess being 8.40 inches in November and the greatest defect 1.96 inches in December. The total fall for the year was 48.65 inches against an average of 49.03 inches. The heaviest rainfall from October 25 to the end of the year was 55.76 inches against an average of 30.00 inches. The heaviest fall on any day was 6.95 inches in November 15.

Ed. No. 2 of 1912.—The Madras Municipalities Bill, with Statement of Objects and Reasons.	2

Bills to be introduced into the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 37 of the rules for the conduct of business at meetings of the Council, the following Bills, with their Statements of Objects and Reasons, are published for general information:—

No. 1 of 1912.

A Bill to amend the Madras District Municipalities Act, 1883, and the Madras Local Boards Act, 1894.

WHEREAS it is expedient further to amend the Madras District Municipalities Act, 1883, and the Madras Local Boards Act, 1894; it is hereby enacted as follows:—

1. This Act may be called the Madras District Municipalities Act and the Madras Local Boards Act Amendment Act, 1912.

2. The following shall be added at the end of sub-section (1) of section 199 of the Madras District Municipalities Act, 1883:—

"The Municipal Council may place the collection of such fees under the

"management of such persons as may appear to them proper or may farm out such fees on such terms and subject to such conditions as they may deem fit."

3. The following shall be added at the end of sub-section (1) of section 191 of the said Act:—

"The Municipal Council may place the collection of such fees under the management of such persons as may appear to them proper or may farm out such fees on such terms and subject to such conditions as they may deem fit."

4. The following shall be added at the end of sub-section (1) of section 191 of the said Act:—

"The Municipal Council may place the collection of such fees and fees under the management of such persons as may appear to them proper or may farm out such fees and fees on such terms

and subject to such conditions as they may deem fit."

5. The following alterations will be made in section 93 of the Madras Local Boards Act, 1884:—

(a) In the existing sub-section (5) of this section the words "for collective" shall be inserted between the words "power" and "enforced" and this sub-section as revised shall form the second paragraph of sub-section (1).

(b) The following shall be added as the third paragraph of sub-section (1):—

"The fees leviable in tank boards or unions under clause (vi), section 57, may, at the option of the president of the tank board, be framed out on such terms and subject to such conditions as he may deem fit."

(c) In sub-section (3), for the words "such fee" shall be substituted the words "the fee payable under sub-section (1)."

STATEMENT OF OBJECTS AND REASONS.

The High Court has held in a recent decision that local bodies have no power under the Madras District Municipalities Act, 1874, and the Madras Local Boards Act, 1884, to farm out the collection of license fees for markets, slaughter-houses, out-stalls and the like. The farming system is however a convenient and economical way of realising these dues; hence the necessity for the present Bill which if passed into law will regularise the farming system.

2nd February 1913.

P. S. SIVASAWMY AIERA.

No. 2 of 1932.

A Bill to amend the Madras Irrigation Cess Act VII of 1865 and to declare ryots and tenants in estates liable for water-cess.

WHEREAS it is expedient to amend the Madras Irrigation Cess Act, 1865, as amended by the Madras Irrigation Cess Amendment Act, 1903, and to declare the liability of ryots and tenants in relation to water-cess; It is hereby enacted as follows:—

1. This Act may be called the Madras Irrigation Cess (Amendment) Act, 1932.

2. In this Act the word "estate" means an estate as defined in the Madras Estates Land Act, 1908.

3. In paragraph 5 of section 1 of the Madras Irrigation Cess Act of 1865, after the words "at pleasure" the following words shall be inserted, namely, "before the end of the succeeding full," and after the word "leased" the words "and the over in which defaulters may be proceeded against for the recovery of such cess."

4. After section 3 of the Madras Irrigation Cess Act of 1865 the following shall be added:—

"3-A (1) In the case of land included in an estate the cess payable under this Act shall be recoverable as arrears of land revenue due in respect of the land either from the landholder or from any ryot or tenant holding the land under him.

"(2) Except where (i) the rent payable for the land inclusive a charge for the irrigation in respect of which the cess was levied or (ii) the landholder has entered into an agreement with the ryot or tenant to bear the cess himself, any sum collected from a landholder under the first clause of this section may, notwithstanding anything contained in section 55 of the Madras Estates Land Act, 1908, be recovered by him from the ryot or tenant of the land in respect of which the cess was due, as if it were an arrear of rent due on the land."

5. No ryot or tenant of any land included in an estate shall be entitled to claim a refund of any sum collected from him as water-cess before the commencement of this Act by the Government or by the landholder merely on the ground that the landholder and not himself was liable to the Government in respect of such water-cess.

STATEMENT OF OBJECTS AND REASONS

It is here the practice in proprietary estates in this Province that when Government water or irrigation is taken on application, the application of either the proprietor or his ryot is sent by the Government officers authorized in that behalf, and that water-cess is charged under VI of 1865 as amended by Act V of 1903 and is collected solely from the proprietor or from the ryot concerned. The water-rate rules of the Government and Kistna delta system and of the Mysore irrigation system provide for the recognition of an application of an estate agent or, against the will of his landlord and the ryot's property and personal law is not taken into account in the recovery of the Government revenue.

3. In their judgment in S.A. No. 1207 of 1907 the High Court held that the registered tenant occupant in the holder of land subject to the payment of revenue direct to Government and as such is liable to be proceeded against under Act II of 1884 for default of payment of water-cess. Subsequently, however, following the Full Bench decision in S.A. No. 39 Madras, 41, in the effect that it is only the registered holder and not the real owner of land who is liable to be treated as a defaulter and against whose proceedings should be taken for the recovery of arrears of revenue, the High Court held in S.A. Nos. 501 to 504 of 1914 that the person liable to pay water-cess or revenue is a registered estate in the mortgage and not the ryot. This decision has rendered the position of the landholder precarious, although he has been declared legally liable to the payment of the water-rate due to Government, he has himself no power according to the existing provisions of the law to recover the water-rate from the ryot concerned.

3. To remedy this state of affairs the Government have considered it necessary to have recourse to legislation: the draft amendment Bill accordingly empowers the Government to treat the cess as due from the landholder or from his ryot or tenant, as if it were an arrear of land revenue, and further provides that in case the cess is recovered from the landholder in the absence of any recovery it from his tenant as though it were an arrear of rent.

6. The occasion for amending the Impoundment Act has also been utilized to state definitely the period during which it shall be legal to levy the cess. In A.S. No. 197 of 1905 the High Court have decided that the language of section 1 of Act VII of 1895, as amended by Act V of 1905, renders it necessary that "the cess should be imposed within the fish". It will, for obvious reasons, be impossible in many cases to follow this decision and levy the cess in the fish in which water has been used. It is therefore proposed to take power in the draft Bill to levy the cess before the end of the full year next after the use in which water has been used.

2nd February 1916.
